

July 8, 1957

Dear Sir:

Subject: Purchase Order 660

In accordance with Section VI entitled "Repricing" of Amendment No. 3 of the subject contract and in particular Paragraphs 1 and 2 of Part A thereof, I am forwarding attached a proposed Appendix V setting forth contract hourly rates for the period including July 15, 1957 through December 29, 1957. A review of these new proposed rates will show that for the most part we are proposing rates which are somewhat lower than have been in effect in the previous period as shown on Appendix IV. In one or two cases the rate is slightly higher. I would appreciate receiving from you a supplement at your convenience setting forth these new rates or if you have any questions concerning the detail thereof would be happy to discuss this further with you.

Yours very truly,

Encl.
